Lac Vieux Desert Band	Lac du Flambeau Band	Sokaogon Chippewa	

Large Scale Harvest Activity

Tribal members may harvest above the specified small scale limits while possessing a valid large scale gathering permit otherwise known as a site management plan. Large scale permits may be established by GLIFWC and the tribal conservation department in consultation with the property manager where the harvest activity will take place.

The member will need to provide the following information:

1) Location where the harvest activity will take place
2) Quantity of the anticipated harvest
3) Harvest technique or identification of any specialized equipment to be used
4) Accessibility of the location

Please allow for a reasonable amount of time for the planning phase.

For assistance in developing a site management plan, please contact Alexandra Wrobel at 715-682-6619 or awrobel@glifwc.org
