The accuracy of each record's spatial location varies. The data set is derived from the Wisconsin DNR 24K Hydro Geodatabase August 2016 and WDNR Hydrshai Version 5 (<http://dnr.wi.gov/maps/gis/datahydro.html>). A few of the records were not available in the Wisconsin Hydro data set and were digitized using 2017 Google Imagery. A description of the record's original spatial data source is located in the "SOURCE DESCRIPTION" field.
